Citroën has established factories in Tamil Nadu and an R&D centre in Chennai, reinforcing its commitment to India.

The brand launched in India with the C5 Aircross SUV, followed by the award-winning C3 in 2022. In 2023, Citroën introduced the ë-C3, its first electric vehicle, just six months after its ICE counterpart. The lineup further expanded with the Aircross and the recently launched Citroën Basalt, bringing more innovation and value to the market.

Citroën enhances the customer experience with La Maison Citroën phygital showrooms, the ATAWADAC experience, and services like Service on Wheels and 180-minute Roadside Assistance.
